

Workshop for Physicians

4th Interventional Workshop on Endovascular Aneurysm Therapy

16 – 17 Mai 2019

University Hospital RWTH Aachen

CME-points

Certification of the workshop has been requested from the North Rhine Medical Association Germany.

Dear colleagues:

Endovascular treatment of diseases of cervical and cerebral vessels has become a clinical standard in many hospitals.

Topic of this hands-on workshop is the embolization of intracranial aneurysms.

On the first day we will provide you with an overview of endovascular treatment strategies of intracranial aneurysms. Based on case discussions we will focus on strategies for complication management. Relevant details of material science will additionally prepare you for the second day.

On the second day you will have a full day to practice embolization techniques under realistic conditions, both in the animal lab and on various simulators which are used under x-ray. Advanced techniques (e.g. WEB-device, flow-diverters) can also be trained.

This hands-on workshop is aimed at radiologists and neuroradiologists of all experience levels (beginners and advanced). We will offer the course both in German and in English.

It is our pleasure to invite you to our aneurysm workshop on 16 - 17 May 2019 in Aachen.

Best regards,

Univ.-Prof. Dr. med. Martin Wiesmann

Program

Thursday 16 May 2019

University Hospital RWTH Aachen,
Auditorium of Neuroradiology, 5th floor, elevator C3, room 14

- | | |
|-------------------------------------------------------|---------------------------------------------------|
| 14:00 - 14:15 Uhr | Welcome |
| 14:15 - 15:00 Uhr
<i>Wiesmann</i> | Basics of aneurysm therapy |
| 15:00 - 15:45 Uhr
<i>Mpotsaris</i> | Stents and Flowdiverter for treatment of aneurysm |
| 15:45 - 16:00 Uhr | Pause |
| 16:00 - 16:30 Uhr
<i>Wiesmann</i> | New devices for aneurysm therapy |
| 16:30 - 17:00 Uhr
<i>Ridwan</i> | Vasospasm treatment |
| 17:00 - 17:30 Uhr
<i>Wiesmann</i> | Complication management |
| 17:30 - 17:45 Uhr | Pause |
| 17:45 - 19:30 Uhr
<i>Riabikin, Turowski</i> | Interactive case discussions |
| ab 20:00 Uhr | Joint Dinner |

Friday 17 May 2019

University Hospital RWTH Aachen, Dept. of Neuroradiology,
Meeting point: 5th floor, elevator C3, room 14

- | | |
|--------------------------|---------------------------------------------------|
| 08:30 - 12:30 Uhr | Hands-on training on animal models and simulators |
| 12:30 - 13:30 Uhr | Break |
| 13:30 - 16:30 Uhr | Hands-on training on animal models and simulators |

Venue

University Hospital RWTH Aachen
Pauwelsstraße 30
52074 Aachen, Germany

Registration Fee

580 Euros (both days, animal lab included)

Bank transfer prior to the event to the following account:

University Hospital RWTH Aachen

Sparkasse Aachen

IBAN: DE79 3908 0005 0203 3094 00

BIC: DRESDEFF390

Purpose: 4th Aneurysmaworkshop /
fund 389009 / name of the participant

Number of participants

The number of participants is limited.

Vacancies will be assigned in order of registration.

Registration

Hereby I would like to register for the workshop „4th Interventional Workshop on Endovascular Aneurysm Therapy“ from 16 - 17 May 2019 in Aachen.

I will transfer the course fee of 580 Euro as soon as my registration has been confirmed.

title/ first name/ name

department / hospital

phone

e-mail

educational degree

angiographic experience (number of supraaortic angiographies)

interventional experience (number of neurovascular interventions)

I will attend the dinner

date / signature*
